Subject: Fire Hydrant on Greater and Wright Streets (northwest corner)

The legal ad for declaratory resolution #938-1956 calls for vacation of Greater Street from the west line of Wright Street to the Junk Ditch. We have a fire hydrant located on the northwest corner of Greater Street and Wright Street and it may become necessary to move this hydrant in order to locate it off of private property if the street right-of-way reverts to the property adjacent. If this becomes necessary, the cost will probably be \$200 or \$300 and we feel that the then owner should stand this cost.
